

In the early 1800's when travelers started to step ashore to the area called "The Peninsula", what is current day southern Thailand, the majority of them were Indians, Hokkien Chinese & Portuguese.

Now living in a foreign land they began to work very closely with the earlier settlers. This was to be due to the fact that all the settlers, old & new, shared a common goal of creating a better life in a new land.

Over time, relationships within the settlements were imminent. "Baba" was the name given to male offspring & "Nyonya" to the female. These children were the result of different people, cultures, ideas, philosophies & tastes coming together & creating something truly unique.

We've stayed true to this union created & Baba Poolclub is the culmination of it all.

Sit back, rock away & enjoy the tastes you will never forget...
